

PUNNAPOB WISARAT

ปุณณภพ วิสารัตน์

SUMMARY

Hello, I am Punnapob Wisarat, an Information Technology student. I specialize in Front-end development (React, Tailwind CSS, Vite) and UI wireframe design (Figma). I have a solid understanding of basic web development and computer assembly. I work well in teams, gained from part-time work and photography experience, and I am eager and committed to continuous self-improvement.

EXPERIENCE :

PART-TIME

DECEMBER 2025 - OCTOBER 2026

freshy crepe

- Prepared and served crepes for walk-in customers and online delivery orders (Grab).
- Maintained inventory levels and organized store supplies to prevent shortages.
- Handled back-counter food preparation, including noodles and various deep-fried snacks (e.g., french fries, wontons).
- Maintained cleanliness of the store interior and storefront during opening and closing shifts.

Tokio Haus

- Responsible for providing food and beverage service to in-store customers.

PHOTOGRAPHY

2020 - PRESENT

- Provided freelance photography services specializing in portraits, portfolios, cosplay, and occasional graduation events.

PROJECT AND ACTIVITY

PROJECT

- Designed and developed a comprehensive full-stack booking platform featuring a responsive UI (Figma, Tailwind CSS), a secure back-end with automated email notifications, and an integrated AI personalized hairstyle recommendation system.
- Developed a responsive full-stack application combining a booking platform and an XPlamo model shop. Front end crafted with Figma, React, Vite, and Tailwind CSS; back end provides secure user authentication, order and product databases, payment integration using MySQL, automated email alerts, and an integrated AI hairstyle recommendation engine.

ACTIVITY

- Participated in the Com7 internship training program, focusing on media development and operational workflows.
- Evaluated and recorded competition scores as a Judging Committee Member for the Real Robotics category at Thailand Artec Robotics PSU 2026.
